### PARIS MUCH EXCITED. ACTION TO BE PROMPT

Comment at French Capital Relative to Assassination.

### LIKE VENEZUELA ACT

Some Diplomats Contend That It Is Parallel Case to That of the Murder of the Russian Consul at Monastir.

Paris, Aug. 28.—The assassination of the American vice consul at Beirut attracts a great deal of attention here, but no information has been received from official or other quarters concerning the details. As Beirut has heretofore been considered as quite outside the range of Turkish disorders, French officials say the gravity of the situation depends on whether the shooting was done by a Turkish soldier, which would make the case similar to the assassination of M. Rostkowski, the Russian consul at Monastir, which the officials say would warrant a demonstration on Turkey similar to that made by Russia. It is officially stated if the American squadron goes to Turkish waters the action of the United States would not be regarded by the French or other European powers as having any political significance in connection with the near eastern situation. It is pointed out that the United States has always refrained from taking part in near eastern complications, European powers assuming the burden of that question. Leading Turkish officials likened the presence of an American squadron in Turkish waters to the demand made by the British and German warship in Venezuelan waters, the purpose in each case being to command respect and enforce collection of demands not having any connection with the general political conditions.

The latest official advice received here show the Russian squadron, which is at Infadia, off the east coast of Turkey, has withdrawn to Sebastopol, where it is waiting further orders. Italy has one warship, Austria one and France one in Turkish waters, but in each case large squadrons are held in reserve for action if the situation becomes acute.

Increasing gravity of conditions in Turkey is further shown by the official report just received from Philippopolis giving details of a revolutionary plot to blow up the torrential express. One of the plotters was designated to sacrifice his life by boarding the train and throwing the bombs. This plot is probably connected with the dynamiting of the omnibus train at Kuleli Bargas, but the Philippopolis report establishes the fact that the original plan was aimed against the leading trans-European express for the purpose of impressing the world with the magnitude of the disorder.

The reports received here from the French consuls at Salonica and Monastir are most reassuring. They say they no further fear for their lives, unless the Turkish soldiers become more lawless.

The reports state that forty-nine Turkish battalions have withdrawn from Albania and concentrated around Salonica, as Albanian disorders have been less.

The most remarkable feature of the reports discloses the fact that the Turkish forces, which totalled 50,000 men when the troops entered Albania six months ago, have now been reduced to 35,000 men, showing a loss of 15,000 troops. Few soldiers have died of disease. The loss chiefly is of men killed while crushing the Albanian uprising.

### WENT AGAIN.

Turkish Minister Finally Agreed to Punish Guilty Person.

Washington, Aug. 28.—Minister Leishman cabled the state department that he had called at the foreign office again Thursday night and presented American demands for an immediate investigation of the reported assassination of Vice Consul Magelsen at Beirut. The minister of foreign affairs, while denying all knowledge of the affair and attempting to discredit the report, upon the insistence of Mr. Leishman cabled that immediate investigation would follow and the Turkish government would take immediate steps to find out and punish the guilty person. Mr. Leishman states that Macedonian conditions are growing constantly more acute and the situation in that section is extremely grave. In a cablegram to Minister Leishman Thursday night regarding the report of the American board of missions that an attempt had been made to burn the Euphrates college buildings at Harpoot, Acting Secretary Loomis instructed him to demand of the Turkish government that it take immediate steps for the protection of all Americans there.

### Is Not Known.

Constantinople, Aug. 28.—News of the assassination of United States Vice Consul Magelsen at Beirut while he was driving homeward Sunday reached here Wednesday. The assassin is unknown and there are no further details. United States Minister Leishman, upon hearing of the outrage, proceeded immediately to the foreign office to confer with Tewfik Pasha. The lack of proper protection for the public in Beirut has been commented upon for some time. The porte even sent a commission of inquiry there, but nothing resulted.

United States Will Tolerate No Delay Whatever.

### TURKEY MUST ACT.

European Squadron, Under the Command of Rear Admiral Cotton, Is Instructed to Enforce Uncle Sam's Demands.

Washington, Aug. 28.—Prompt and vigorous action is being taken by the United States government to secure the punishment of those persons implicated in the assassination of United States Vice Consul Magelsen at Beirut, Syria, on Sunday last. Minister Leishman, at Constantinople, who reported the fact to the state department, has been instructed by the state department to demand a thorough investigation of the affair and the punishment of those involved in the crime. The European squadron, consisting of three warships, has been ordered to proceed immediately to Beirut to support the demands of the United States minister should this be found necessary. This measure was determined on as a result of conferences which have been held over the telegraph and telephone wires between President Roosevelt at Oyster Bay and Washington. He felt that no time should be lost and he gave instructions to Acting Secretary Darling that immediate orders be given Admiral Cotton to proceed at once. The president's determination was also due in part to information received by Mr. Loomis of the state department from the president of the American board of missions at Boston indicating that an attempt had been made to burn the Euphrates college building at Harpoot. This dispatch said:

"Information just received that an attempt has been made to burn the Euphrates college buildings. Conditions increasingly alarming. Great anxiety felt for the safety of American citizens there."

Acting Secretary Loomis cabled to Minister Leishman at Constantinople to make immediate demands on the porte to take adequate measures for the protection of Americans at Beirut and to prevent any attack on the college building.

Acting Secretary Loomis received a rather remarkable cablegram from Minister Leishman in which the minister said that he had called at the Turkish foreign office at Constantinople to inquire about the assassination of the United States vice consul and that the minister of foreign affairs emphatically denied any knowledge of the report. He also attempted to discredit it.

### News at London.

London, Aug. 28.—According to a dispatch received from Constantinople the porte has been informed that the United States government has decided to send a squadron to Turkish waters immediately to demand reparation for the murder of William C. Magelsen, United States vice consul at Beirut, Syria, and the punishment of the assassin.

### TRAIN BLOWN UP.

Seven Persons Were Killed and Fifteen Others Sustained Injuries.

Sofia, Aug. 28.—The eastbound daily express from Buda Pest to Constantinople was blown up near Kuleli Bargas, about twenty-five miles south of Adrianople. Seven persons were killed and fifteen injured. Dynamite bombs were used. Every car was smashed. Apparently the outrage was the work of revolutionists who traveled on the train.

### SIX DROWNED.

Result of the Running Down and Sinking of a Schooner.

Stonington, Conn., Aug. 28.—The Metropolitan teamship H. M. Whitney, from New York to Boston, ran down and sank the schooner John Booth just west of New Haven during Wednesday night. The Whitney rescued Captain Booth of Maine Stonington line and saved a sailor, but five other men in the Booth's crew and a passenger who resided at Salem, Mass., were drowned.

### Two Cars Were Destroyed.

Constantinople, Aug. 28.—The bomb which wrecked the train near Kuleli Bargas was thrown by a third class passenger, who was in the buffet car. Only two cars were destroyed. The dead include two Musselmen, women, two children and three trainmen. The continued absence of news from the interior of Macedonia where there is widespread interruption of telegraph communication is causing great uneasiness to the Turkish officials here and much unrest among the public.

### TWO ARRESTED.

Men Are Alleged to Have Robbed an Oklahoma Postoffice.

Chickasha, I. T., Aug. 28.—Ernest Snelling and Charles Cook were arrested at Marlow by United States Marshal Madsen and lodged in jail here, charged with robbing the postoffice at Denton, Okla., ten miles west of Marlow, in the absence of the postmaster and his wife Tuesday afternoon.

Waco, Aug. 28.—The city council has passed an ordinance authorizing the issuance of bonds to the amount of \$500,000 for the purpose of building or purchasing a waterworks system to be owned and operated by the city.

### Why Negroes Can Bear Heat.

The function of a negro's black skin is supposed to be the conversion of the sun's light into heat. The heat thus generated remains in the skin and does not penetrate to the deeper tissues. Being thus provided with a sun proof armor the negro can stand an amount of heat that would be fatal to a white man and run little or no risk of sunstroke.

BRYAN TEXAS, AUG. 29, 1903.

The diversificationist has come to stay.

Iowa populists have nominated a state ticket.

Sour Lake has grown to a city of 10,000 people.

There is room in the cotton patches for the vagrants.

Good roads and bridges are the trade winners. "Do it now."

Consider the boll weevil and then look at the price of cotton.

The boll weevils have appeared in Alabama. Wonder who did it?

A news note says a Louisiana entomologist has come over to watch our boll weevils work. He will find them busy.

Bryan merchants are preparing for an aggressive business campaign. Old firms are improving and new ones opening up.

The Turks are fixing to get themselves wiped off the face of the earth, and it will be a great day for civilization when the job is finished.

The Waxahachie Eagle says, "there is still lots of room left in Grand Old Texas for the man with the hoe and the woman with the dishrag." The Eagle names the two classes that are never out of a job.

A Missourian tells of a young man who called on his best girl one Sunday recently. After they had talked until they could not think of anything more to say he declared his intention of kissing her. She was apparently mad and declared she would tell her father if he did. Remembering the old saying about faint heart never won fair lady, the young man dared and succeeded in planting a fairly respectable one behind her ear. The young woman arose hastily and walked into the other room. "Papa" she said, "Mr. S. wants to see your new gun," "all right! all right!" said the old man, delighted with a chance to show off his new shotgun. Taking it down from the rack he stepped into the parlor. The young man broke four window panes in getting out and when last seen was running bare-headed down the country road.—Ex.

### THE MADISONVILLE REUNION.

Mr. J. Allen Myers and others have returned from the big annual reunion of Camp John G. Walker at Madisonville and report a large crowd present, an interesting program and a good time generally. Speeches were made by Hon. Jno. M. Pinckney of Hempstead, candidate for congress, Hon. McDonald Meacham of Navasota who is regarded as sound and suitable timber for the state senate, and by Dave Shapira of Madisonville.

Mr. Myers said many people told him they expected to continue to come to Bryan to do their trading, and that crops are good in that county. He says the roads are good on the other side of the Navasota river, but work is needed on the bridges and levee.

Among those in attendance to the reunion from Bryan were J. A. Myers, M. H. James, Mayor R. H.

### REACHING OUT AFTER TRADE.

The Eagle learns from Mr. W. E. Saunders, president of the business league, that arrangements are practically completed for establishing a ferry at Moseley's ferry (Stone City) across the Brazos river, and that timber is being put on the grounds for the work. He also says the new free bridge at the old San Antonio crossing on the Navasota river is practically assured. Mr. D. L. Palmer of Leon county is co-operating in the matter. It is understood that Leon county will set aside \$300 for the work and that Brazos and Madison counties will contribute. There seems to be no doubt the bridge will be built, in fact Mr. Palmer has been authorized to go ahead with the work. With two bridges and two ferries on the Brazos, three or four bridges on the Navasota river, good roads all around and a little more hustling and advertising Bryan will get her part of the business as usual, and she's going to do it.

The people of Bryan can't afford to let go the Central Texas Fair. There are several other towns that would like to have such an enterprise as well established as this fair.

Roosevelt's promptness in demanding redress for the murder of Vice-Consul Megelssen indicates an alert and vigorous foreign policy that is most commendable.

### HAY CALLS.

Secretary of States Confers With President at Oyster Bay. Oyster Bay, Aug. 28.—President Roosevelt received a telegram from the state department transmitting him a cabled communication from the Turkish foreign office disclaiming any responsibility for the murder of Vice Consul Megelssen and expressing regret that it should have occurred. Official information of the murder seems to be lacking in the Turkish foreign office, as the communication expresses some doubt of the report.

Secretary of State Hay arrived here to meet an engagement made with the president prior to the receipt of news of Megelssen's assassination. The president and Secretary Hay considered in all its phases the situation which had arisen. Information yet at hand is indefinite, but it is expected that details of the crime from an official source will be forthcoming soon.

### FORCE OF TROOPS.

They Are Stationed in the Suburbs of Constantinople.

Constantinople, Aug. 28.—A considerable force of troops has been stationed in the various suburbs of Constantinople as a protectionary measure in view of the appearance of insurgents in less than 100 miles of the capital. A number of troops was dispatched Thursday from this city to Tcherkeskol and Adrianople, near which place three Bulgarian villages were recently attacked by Circassians and the inhabitants massacred. The troops sent to reinforce the garrison at Kirk-Kilisseh thirty-two miles from Adrianople, were routed by insurgents, whose numbers in the vilayet of Adrianople were 6000.

### NO OBJECTION.

Great Britain Will Not Seek to Restrain United States.

London, Aug. 28.—The foreign office informs the Associated Press that Great Britain certainly will not, and that it is not likely any other power will raise objection to summary action on the part of the United States in connection with the assassination of Vice Consul Megelssen.

### Magelssen's Relatives.

LaCrosse, Wis., Aug. 28.—William C. Magelssen, the vice consul murdered at Beirut, leaves a father, Rev. Christian Magelssen, and mother at Highland Prairie, Minn., and three brothers, Rev. H. C. Magelssen, LaCrosse; L. D. Magelssen, grocer, at Vermillion, S. D., and J. S. Magelssen, a theological student. There are also two sisters, Mrs. C. B. Ravendal, wife of the consul at Beirut, and Miss Catherine Magelssen, who lives at home. Rev. Magelssen of this city said the government will be asked to have the remains sent home for interment.

### TO GETHSEMANE.

Father Cushing Will Be Placed in Trappist Monastery.

Denver, Aug. 28.—The announcement was made by Bishop Matz of the Catholic church of Colorado that Father Cushing, who earned notoriety by his fight upon the bishop during the past twelve years, has been ordered by Archbishop Falconio, apostolic delegate, to go to the Trappist monastery at Gethsemane, Ky., where he will be practically a prisoner for the balance of his life. Bishop Matz will pay all his expenses. Father Cushing is between forty and fifty years of age and broken down in health.

### SENATORS RETURN.

Do Not Favor Territorial Government For Alaska Now.

Seattle, Aug. 28.—Senators Dillingham, Vermont; Burnham, New Hampshire; Patterson, Colorado, and Nelson, Minnesota, comprising the senatorial party which went north two months ago to investigate Alaska's needs, arrived here. They do not favor a territorial form of government for Alaska at this time, but they think that Alaska should have a delegate in congress.

### MISSES DROWN.

Vehicle Went Over High Embankment Into a Body of Water.

Pittsburg, Aug. 28.—While a party of young people were driving home from a social gathering near Evergreen borough, North Allegheny, the vehicle was precipitated over a high embankment into Girty's run and three were drowned. Two others narrowly escaped a similar fate. The dead are: Myrtle Scott, aged twenty; Nannie Scott, her sister, fifteen, and Annie Clifford, a cousin, about twenty.

### Large Car Contract.

Austin, Aug. 28.—A contract filed by the state department between the American Car and Foundry company, St. Louis and the Kansas City, Mexico and Orient railway to the effect that the railroad buys 320 box cars, 100 coal and stock cars, 110 flat cars and six caboose cars. The consideration is \$577,883.

### More Applications.

Austin, Aug. 28.—Applications for pensions by Confederate veterans are increasing materially. Over 350 new applications for pensions have been filed for the quarter beginning Oct. 1.

### Wishes Large Reduction.

Austin, Aug. 29.—Application for rates on coal was filed on Friday with the railroad commission by the Thurbre Coal company. It wants a large reduction on the present rate.

### Boll Weevil in Alabama.

### WILL PERPETUATE THE FAIR.

#### Meeting of Stockholders and Citizens Held to Formulate Plans.

Pursuant to call a meeting of stockholders of the Central Texas fair and citizens interested in the enterprise was held at the opera house yesterday afternoon. The attendance was not large, but what was lacking in numbers was made up in interest and good solid substantial work for the fair.

The meeting was called to order by President W. S. Howell who stated its object to be to devise means for perpetuating the fair and raising funds for present necessities in finishing the work of paying off premiums and expenses of the recent fair.

Secretary Paul Bradley read a comparative statement showing that the expenses of conducting the fair last year were nearly twice as great as for the fair just closed. Last year the expense was over four thousand dollars and this year about \$2700.00. The receipts last year were, however, more than twice as much as this year, only about \$1700.00 having been realized upon the fair just closed. This leaves a deficit of a thousand or eleven hundred dollars that must be met without delay. Other indebtedness on the fair for buildings and grounds, not provided for amounts to \$2000 for which a mortgage is held upon the property of the association, but by the payment of some two hundred dollars interest this can no doubt be carried over until it can be paid from the receipts of the fair.

These facts were discussed at length by a number of those present and a number of suggestions were made. Finally a motion prevailed that each stockholder or citizen present donate \$10 to the enterprise to meet present necessities, and that a committee be appointed to raise the required amount upon this plan. Secretary Bradley circulated a list and \$260.00 was raised in a few minutes. Webb Howell, A. M. Waldrop, T. A. Searcy, Floy Dansby and Paul Bradley were appointed a committee to continue the work of raising funds and report to another meeting of stockholders and citizens to be held at the opera house, Friday, Sept. 4, at 5 o'clock.

This plan, if successful, will insure the success of the fair, and the Eagle hopes and believes that the

people of Bryan will not now let the enterprise fail for the want of a little timely help from each one, which will not be a drop in the bucket compared with the benefits the town and county receives from the fair.

#### Dallas Excursion.

#### The Kangaroo's Kick.

When a big "old man" kangaroo stiffens his tail and converts it into a sort of revolving pivot bearing the whole weight of his body, leaving his tremendously powerful legs free for attack and defense, everybody who does not want to be ripped up or thrown in a heap for a considerable distance will give the marsupial a wide berth. Only those who have seen the full grown kangaroo in his native Australian bush with his back to a tree, scattering dogs, bleeding and torn, right and left, can form any adequate idea of the prodigious strength the animal is capable of exerting when he finds himself in a tight corner. Kangaroos are now getting scarce in the southern parts of Australia, but they are still pretty numerous in the thinly populated north.

#### The Harvest Moon.

It so happens that the position of the moon is such that the full moon preceding the autumnal equinox for several successive nights in the latitude of London rises only nine or ten minutes later each succeeding evening. This phenomenon is called the "harvest moon" from a notion that it is a provision of all wise Providence calculated to enable the husbandman to take care of his grain at night if there is so much of it that it cannot be handled during daylight.

### GOLD EXCITEMENT.

Wonderfully Rich Deposit Discovered by an Indian.

Oaxaca City, Mex., Aug. 28.—There is intense excitement here over the finding of a wonderfully rich gold deposit at Ejutla which was accidentally discovered by an Indian.

Mayor Salazar of Ejutla, in company with a soldier, took up the first two claims and they have been offered a large sum for them, but will not sell, as gold abounds and shows forty per cent of the yellow metal. All mining men here as well as many business men and lawyers have gone in a wild rush to Ejutla and are seeking mines. It is probably the richest and most extensive gold district yet discovered in this country.

### IS SATISFACTORY.

Stabilized Currency Said to Be Growing in Favor.

City of Mexico, Aug. 28.—The news from France that the government of that country practically approves Minister Lamentour's plan for giving a modified gold basis by stabilizing the silver currency is received with satisfaction. The sentiment in favor of a stabilized currency steadily grows stronger as it is seen that the temporary rise in silver makes for gambling in trade as much as repression and that all fluctuations upset commercial and financial calculations. It is believed here that the present rise is due wholly to artificial conditions and is the result of manipulation in New York and London.

### CUT SHORT.

Festivities Stop Owing to a Serious Railroad Accident.

Rome, Aug. 28.—A disastrous railway accident cut short the festivities and demonstrations in honor of the king and queen at Udine, the chief town of the eastern frontier, sixty miles from Venice, where the sovereigns had gone to view the grand army maneuvers. At 10 o'clock a passenger train near Udine, overflowing with soldiers, collided with a freight. Fifteen soldiers and one captain was killed and over sixty injured, twelve dangerously so. The colonel in command of the soldiers is among the injured. The train took fire a few minutes after the collision, but fortunately the flames were extinguished.

Special trains were hurried to the scene of the disaster carrying authorities from the nearest town, who organized a corps of physicians and administered to the wounded. King Victor Emanuel visited the hospital personally to see the victims of the disaster.

### HEAVY RAINS.

Kansas and Missouri Rivers Rise to Unusual Heights.

Kansas City, Aug. 28.—Unprecedented heavy rains north and west of Kansas City have caused the Kansas and Missouri rivers to rise suddenly to unusual heights and results may prove grave. A bulletin issued by the local weather bureau announced that the Kansas or Kaw river would rise from five to seven feet at Kansas City in the next forty-eight hours and a rise of equal magnitude is coming down the Missouri.

### Slowly Decreasing.

Rome, Aug. 28.—The eruption of Mount Vesuvius is slowly decreasing. The stream of lava has diminished in velocity, having widened to about 100 feet. Several fissures near the crater are enlarging, some towards Naples, being thirty-five feet wide. The police and carabinieri exercise a close watch to prevent tourists approaching the dangerous spots. Only Prof. Matteucci, director of the observatory, is allowed inside the proscribed limits.

### Priest to Retire.

Baltimore, Aug. 28.—The Rev. Don Luigi Sartoris, pastor of St. Joseph's Roman Catholic church, Midland, Md., and a relative of Pope Pius, has sent his resignation to Cardinal Gibbons and will retire from active work in the ministry. Father Sartoris' family name is Sarto. He is a native of Venice and wishes to spend the remainder of his life at his boyhood home. He is now sixty years old.

### Contest of Homing Pigeons.

Randolph, I. T., Aug. 28.—The third homing pigeon was liberated here at 6:45 o'clock Thursday morning. The first had a bad start, but reached Warsaw, Ind., in about six days. The second made the trip in five days; distance 800 miles.

### Sidewalk Causes Suit.

Beaumont, Tex., Aug. 28.—I. G. Booth has filed suit against the city for \$27,890 from injuries alleged to have been caused by a defective sidewalk.

### In His Own Behalf.

Georgetown, Ky., Aug. 28.—Before an audience packing the Scott county courthouse to the doors, Caleb Powers spoke for two hours Thursday night in his own defense, declaring his innocence of the charges preferred against him and pleading for his acquittal.

### Ide to Succeed Wright.

Oyster Bay, Aug. 28.—President Roosevelt has announced that Henry C. Ide, a member of the Philippines commission, would be designated as vice governor of the Philippines to succeed General Luke E. Wright, when General Wright assumes the office of governor general.

### Sues For Large Sum.

Cleveland, O., Aug. 28.—County Prosecutor Keeler brought suit against former County Treasurer M. A. Lander for \$5875, claimed to be fees illegally collected during Lander's term of office, from 1900 to 1902. More suits will be brought against Lander and other former county officials on the same charge. The total sum sought to be recovered is understood to aggregate \$100,000.

Reubio Pablo, a Mexican, died suddenly at Athens, Tex.

### FAILED TO FINISH.

Reliance, However, Was Far Ahead of the Shamrock III.

New York, Aug. 28.—With Reliance less than a third of a mile from the finish and the Shamrock III, hull down on the horizon, fully two miles astern of the defender, the fourth race of the present series for the America's cup was declared off because of the expiration of the time limit of five hours and thirty minutes as happened on Thursday last. Although officially, it was no race, the defeat administered to the challenger was so ignominious that whatever lingering hope remained in the breasts of the friends of Sir Thomas Lipton's boat vanished into thin air. Reliance's victory was in every way more decisive than that of last Saturday. Outsailed, out-pointed and out-footed, it was a procession from start to finish with Shamrock III, bringing up the rear.

Reliance beat Shamrock III, hopelessly in the fifteen miles of windward work, rounding the outer mark twelve minutes and thirty seconds ahead of it, a gain in actual time of eleven minutes and twenty-nine seconds, and down the wind the Reliance steadily increased the lead. The low wet clouds shut out the sky and the mist wreaths on the sea made everything look ghastly and indistinct. The dark water of the ocean was as smooth as a floor and a light breeze of about four knots blew out of the southwest. The course was laid fifteen miles dead into the wind and return.

At the end of the first hour Shamrock III. was beaten and the interest waned.

The next race, which will be like the one attempted Thursday, fifteen miles to leeward or windward and return, will be sailed Saturday.

### PETER PERSISTENT.

Is Determined to Suppress Malcontents With an Iron Hand.

London, Aug. 28.—The Daily Mail's correspondent at Belgrade says King Peter is determined to suppress the military malcontents with an iron hand. On Tuesday three army colonels,

KING PETER I OF SERBIA.

two captains and a newspaper editor were condemned to death for participation in a plot, which was discovered and rendered abortive. Despite this, however, the king is obviously in the hands of the recent regicides, who are causing a reign of terror.

### ENTERED ROOM.

Negro Tried to Smother Screams of a Young Lady.

Corsicana, Tex., Aug. 28.—A sbrange negro entered the house of a widow named Wilson, living near Angus, about five miles south of this city, and awakened Miss Lottie Wilson by placing his hand upon her arm. As she awoke and saw the negro she screamed and he tried to smother her screams with his hand.

The screams of Miss Wilson and of a young lady companion who was awakened by the disturbance awakened a brother of Miss Wilson, who entered the room just in time to see the negro escaping through the window. Negroes working on the section in this neighborhood were ordered to leave a short time ago.

### KESTLER KILLED.

Engineer Loses His Life in a Wreck Near Marlin.

Marlin, Tex., Aug. 28.—A wreck on the International railroad about six miles south of Marlin at 12:50 o'clock Thursday morning cost Engineer Kestler his life. The engine and two cars went into a ditch, the engine turning entirely over. Several other cars were derailed. Kestler made an effort to jump from his engine, but was caught under it, and his lifeless body was gotten out that morning by the wrecking crew. He had been crushed to death by the heavy weight of the engine. The fireman was injured, but not seriously.

### CUT SIX TIMES.

One Boy Alleged to Have Carved Another That Many Times.

McKinney, Tex., Aug. 28.—A cutting affray took place at the Houston and Texas Central station in which Ivan Glenn, a boy about fifteen years of age, and Taylor Brown, aged seventeen years, were the participants. Brown was cut six times on the breast, side and arms, but his wounds are not thought to be serious. Glenn was arrested and gave bond in the sum of \$500.

### Found Dead in Bunk.

Galveston, Aug. 28.—Irvin Davis, aged twenty-one years, fireman on the pilot boat Texas, was found dead in his bunk.

### Bowie County Went Dry.

Texarkana, Ark., Aug. 28.—In the prohibition election held throughout Bowie county Thursday, including the Texas side of Texarkana, a heavy vote was polled, and it appears that prohibition has carried by a safe majority, estimated at from 100 to 250. Texarkana voted wet by 270.

## HITCHCOCK INQUIRES.

Secretary of the Interior Has Ordered Investigation.

### MAN WILL SEE TO IT.

Cabinet Officer Will Send an Individual Who Is in No Manner Connected With the Allegations Set Forth.

Washington, Aug. 28.—The determination of Secretary Hitchcock to send to the Indian Territory some one who is not connected with the department of the interior to investigate conditions there is understood to be for the purpose of supplementing the work of the secretary himself and other representatives of the department in the Territory. Since early last spring the secretary has been giving a large share of his personal attention to the situation in the "territory and a number of the inspectors and other officials of the department have been engaged in the effort to ferret out frauds and protect the interests of the Indians. The following is an authorized statement of the departments attitude toward the situation in Indian Territory:

The secretary made a tour of the Territory in May, largely for the purpose of making inquiry regarding reports that had come to him of efforts to deprive the Indians of their rich land inheritance and the result of this personal investigation was to confirm the report that there was a persistent effort to secure the Indian lands at a price far below their real value.

As a consequence of this inquiry he made a radical revision of the regulations for the sale of the allotted lands and the departmental reports since that change was made indicate that he has saved the Indians a large amount over what would have been paid them if the original regulations had stood. The new rules require that all Indian lands which are for sale shall be advertised and appraised by a competent official. The secretary has cancelled all sales made prior to the time that the new regulations took effect. There were 429 of these deeds calling for an aggregate payment of \$369,000. All these deeds, with the checks, have been returned to the purchasers, and the prices since received indicate that under the new regulations the price paid will exceed the old prices by 15 to 125 per cent.

### IOWA POPULISTS.

Nominate a Ticket and Also Indorse the Omaha Platform.

Des Moines, Ia., Aug. 28.—The ticket: Governor—L. H. Weller, Nashua. Lieutenant Governor—S. T. Harvey, Des Moines.

Judge of the Supreme Court—J. A. Lowenburg, Ottumwa. Railroad Commissioner—Walter McCullah, Davis City. Superintendent of Public Instruction—Hilo Bunce, Stuart.

The Populist state convention nominated the foregoing ticket without contest. The convention decided to endorse a plank providing for the initiative alone and to use the phrase "initiative and referendum" elsewhere, thus satisfying two factions. The platform endorses the Omaha platform of 1892.

### Mississippi Primaries.

Memphis, Tenn., Aug. 28.—Very incomplete returns from the Mississippi primary election held Thursday received by the Commercial Appeal up to 10 o'clock at night, and to indicate the nomination of James K. Vardaman for governor. Vardaman made gains in the Delta and Critz in lower and east Mississippi. The vote appears to be about as heavy as that of the first election.

### Jury Obtained.

Danville, Ill., Aug. 28.—A jury to try eight of the rioters of July 25 was obtained and the taking of the testimony was begun. Sheriff Whitlock, his deputies and several citizens identified all those on trial as participants in the assault.

#### Fast Pacing.

Oklahoma City, Okla., Aug. 28.—Eight thousand people witnessed the fastest mile ever paced in Oklahoma at Colcord park Thursday. It was accomplished in the free-for-all pace when Stranger O, a Chicago horse, covered the mile in 2:12 1/4.

#### Broke His Own Record.

Dayton, O., Aug. 28.—Cresceus trotted a mile on a half mile track Thursday in 2:08 3/4 lowering the world's record for such a track, half a second. The previous record on a half mile track was made by Cresceus at Kansas City on October 24, 1901, when he trotted a mile in 2:09 1/4. George H. Ketcham, owner of Cresceus, drove the stallion to a close hitch sluky.
